

VEO 3T | Photography & Vlogging Tripod

The Vanguard VEO 3T travel tripod is the perfect solution for bloggers, vloggers, photographers, and videographers on the go, providing maximum stability for streaming on social media or capturing that perfect shot

With an innovative Arca compatible ball head with removable handle, and a new quick release plate for smartphones up to 85mm wide, the VEO 3T is perfect for photography or video with cameras or smartphones

You can also attach accessories, such as lighting or microphones, to the tripod to create your own studio at home, or on the go.
